

INTRODUCING...

THE STRONGEST STRUT BRACKET IN THE MARKET!

35% Stronger!

NEW

UNISTRUT®

A PART OF **atkore**
INTERNATIONAL

Unistrut® is proud to introduce the highest capacity cantilevered strut bracket in the market. The Unistrut P2580 is designed to hold heavier loads, increase the span between supports, and allow attachment on top and bottom. This results in significant material and labor cost savings.

For more information, visit Unistrut.us or contact your local sales rep.

FEATURES AND BENEFITS

- 35% stronger than competitive products!
- Uses a 3-bolt attachment and a U-shaped base plate for added strength
- Double-sided channel allows attachment on top and bottom
- Made in America
- Patent Pending
